Volunteers are the Heart of our School

As we settle into a new school year, we are in need of volunteers. Volunteers have always been the heart of SVF. As a small school we depend on parents, grandparent, aunts, uncles, friends and neighbors to help us carry out our mission. There are many ways to get involved including: playground, library, green folders, coaching a team, Spaghetti Dinner, Scouts, and COSI. If you have already returned your How Can I Help form, we thank you. If you haven't, there are extra forms available in the school office. If everyone could help a little it would mean a lot. PTO President Susan Harder summed it up by saying, "Do what you can, when you can, with what you can." Our students say, "Thank you" in advance for your consideration.

Enriching & Educational Electives

If you walk the halls of SVF on any Thursday afternoon you will find our students engaged in their weekly elective classes. Electives are offered each trimester to students in grades fourth through eighth. Students choose which electives appeal to them and are then placed accordingly. This year's offerings include; Hands on Science, Chess, Financial Literacy, Digital Art, Reading for Joy, Band, American Sign Language, Yearbook and Homework Help. The classes not only give students an opportunity to explore areas of interests but they also allow them to mingle with students and teachers in other grades. "Electives are just one of the many unique opportunities SVF students experience", explained Principal Kim Roy. We are truly blessed to have such talented teachers and eager learners!

Thank You!

Thanks to everyone who supported our fall fundraiser. We appreciate your help. The funds raised will directly enrich our students' education by providing additional materials and services. Thanks to the many volunteers who helped organize and execute the fundraiser. We are grateful for you and all that you do!

Fall Sports in Full Swing

SVF is cheering four soccer teams and four volleyball teams this season. It is great to see so many hornet athletes playing for their school. "Playing sports at SVF allows our children the opportunity to grow in many ways, while increasing the community feeling," explains Lisa Samson, Athletic Commission Chair. If you have an opportunity to take in a game or two please do. Thanks to all our parents and coaches for the support and instruction given to our athletes. Go Hornets!
