

Parent Testimonials

"I could go on for pages about what an amazing school St. Vincent Ferrer is! My children have been there since Kindergarten (my oldest will soon graduate), and there are so many amazing opportunities that they have had. Mrs. Roy, the principal, is very committed to the success of the school, and has made many great improvements in her time there (including the planning of a preschool to open in fall of 2017). I cannot speak highly enough of her accomplishments and interactions (and screening process for students). This is a small school that has an inclusive atmosphere, which allows kids to excel. Those who tour can't believe all SVF has to offer. I encourage you to see for yourself!" – **Anonymous**

"As a parent of three children who have attended St. Vincent Ferrer since kindergarten, I have gotten to know this school very well. The quality of education is excellent, and I know my children will be well prepared for whatever high school they choose. Beyond education, SVF is an inclusive school where all kids are given the tools to succeed, A cooperative environment is fostered, with all grades interacting with each other-like one big family. The kids truly care about one another and, similar to a family, learn to respect differences. If you are looking for a values-based education in an environment where your child can thrive, I encourage you to give St. Vincent Ferrer a chance." -**Lisa Samson**

We started our daughter at SVF in third grade; and we have never regretted it! Before, she was attending our local public school, but there was no sense of community or unity. The teachers hardly knew us, let alone the principal. Volunteering felt like a chore; and we did not feel welcomed by other families, though our children have gone to school together since Kindergarten. We never recognized another parent or child outside of the school and did not feel the need to boast about the school to friends or family.

That all changed! We were immediately welcomed into SVF with open arms, by students, teachers, and other families, even though we had just started there. And now, after being with SVF for four years, we are on the PTO Board for the third year in a row. We enjoy volunteering at the school. SVF's principal knows our daughter by name, and us, as well. Teachers that my daughter hasn't even had know our family. All faculty, parents, other students - they all help my daughter succeed in school and in life. And we cannot wait to start our son at SVF. The SVF Community feels more like home than a school... We proudly spread the word about St. Vincent Ferrer! - **Kellie and Alex Madyda**
